IDEATE Innovation • Product Designer

Jul 2019 – Dec 2020

Onsight

As a UX/UI Designer, spearheaded the redesign of mobile applications and websites for two international banks, enhancing user experience in the fintech domain

- Conducted comprehensive research on various banking institutions, uncovering user challenges and delivering innovative solutions to enhance usability.
- Pioneered a robust design system from scratch, managing consistency across 600+ screens and significantly streamlining design processes.
- Assumed the role of design QA, ensuring seamless alignment between developed versions and design specifications, while effectively validating design modifications through testing and surveys.
